

### Money Back Guarantee

It is easy and painless. If you are unsatisfied for any reason before your third session of the tutoring program and have purchased packages of 5, 10, 20, or 40 tutoring sessions (within the past 30 days), you may request and receive your money back for all remaining tutoring sessions. The refund is smooth and simple. We will take the total amount you paid, subtract the price per session (based on Single Session pricing) that you participated in, and give you back the remaining! Please contact us if you have any questions about our policy!
